HAMILTON PROVES SUPERIOR ON WATER-SOAKED FIELD

St. Stephens Outplayed in Every Department of the Game Saturday.

SHUT OUT VISITORS 13 TO 0.

Reynolds' Men Played Steady Aggressive Game—Many Substitutes Used in Last Periods.

Ploughing its way thru mud and water, Hamilton defeated the St. Stephens team in a 13-0 victory on Saturday, on Steuben Field. The game was featured by Hamilton's close following of the ball and recovery of fumbles. The Steuben Field was a mass of slime due to a drizzling rain, Hamilton fumbled but once in the first five minutes of play, and not again. The visitors averaged 150 lbs., but were unable to withstand the Hamilton backs, and on defence Reynolds' men played a remarkable game.

The visitors found line plunging useless. Eleven substitutes were put in for Hamilton for the third and fourth periods. It was the only thing which saved St. Stephens from a severer trouncing.

The first score came in the first period when a blocked kick by Dayton gave Hamilton the ball on the 40-yard line from which point a beautiful 25-yard forward pass, Schwartz to Griffith, and a series of plunges gave Pope a chance to push over across the line. The other touchdown was gained by straight football after Dayton recovered a punt, fumbled by Smith on the 22-yard line. Schwartz flung himself free from tacklers, keeping his feet well, despite the mud and went over the line on a right end play.

While St. Stephens came close to Hamilton's goal twice during the game, the visitors were not dangerous. The Buff and Blue held hard in the superb defense except during the last quarter when the regular line-up was largely replaced by substitutes. For the visitors Kitts and Alexander played stellar games, the most consistent gaining being done by the big full-back. Hamilton's attack was mostly thru the visitors' line, holes being frequently found on the right side. The forward pass to Griffith in the first quarter which was followed by a touchdown, was a great feature of the game.

Hamilton played superior ball thru out the contest, holding the visitors helpless with stiff line, and nailing St. Stephens backs repeatedly before they could start. Schwartz' end runs proved successful for the most part, and Capt. Pope's line bucks brought regular gains. The results of the week's stiff coaching were clearly evidenced.

(Continued on page 8.)

—J. V. Raridan has entered 1919, coming from Wesleyan. He is a member of Delta Kappa Epsilon. Robert L. McNair '18 is a member of Sigma Phi.

Were Soldiers for a Summer

Three Hamilton Men Enjoyed Militarism as Displayed at Plattsburg.

Interest of Hamilton College was first centered on the Student's Military Instruction Camp, which began July 3rd, and had a duration of three weeks, by the speech of Goss Stryker last spring, when he outlined the fundamental reasons for the camp. This interest has been further intensified by the fact that on its enrollment of 620 men were Baumer '16, Patterson '17, and Barto '18, and that upward of a dozen Hamilton men have signified their intention of attending next year.

Baumer, who has published a page article in the Syracuse "Herald," makes this interesting statement: "The work was hard, but earnestness and enthusiasm, together with the pleasant social advantages, made every one eager to return next year." Patterson's opinion coincides with this statement, and he further adds that it surely was good and he enjoyed every moment of it, even when, after a fifteen mile hike under a forty pound pack and a ten pound rifle, the company would be set to work at trench digging. "It was a good thing," says Barto, and he adds some of the technique of the life. The three weeks were devoted to the various phases of a soldier's life: during the first the students were instructed in the manual of arms, open order work and field manoeuvres; the second week was spent on the rifle range; the third week was given up to an eighty mile hike and sham battles.

Baumer received a commission as second lieutenant. The camp is intended to train college men for officers in the U. S. Army. The bugle sounded daily at 5:15 a.m., afternoons off- and dress parade at 5 o'clock.

TWO MORE GAMES ARRANGED.

Manager Donohue of baseball has definitely arranged for two more games which were pending last week. The Swarthmore game has been secured finally for April 25 and Syracuse will be played at Syracuse on April 8. In regard to the coaches with whom the management was negotiating, the only development in the situation is that it has been found impossible to secure "Steve" Brodie. "Steve's" prices were as high as his position in the world of baseball. Nothing further has been heard from Winters or McCarthy.

—David K. Winton of Duluth, Minn., has been elected captain of the Freshman Track Team.

—Addison Keeler of Binghamton has been elected Freshman temporary chairman.

Between the halves of the Hobart game October 23, Frosh and Sophs will be allowed to test their prowess on Steuben Field, when a Club Rush will be held, a new custom at Hamilton. The object of contention will be a club strong enough to withstand breakage, which will be battled for in line of battle similar to a tug-of-war, starting from mid-field. Sophs and Frosh will be given a grip on the club, and their fellow-classmen by whatever means will attempt to pull the stick toward their goal. The row will last for 10 minutes, the class winning which drags the club 20 yards. The number of Sophs will be reduced to equal that of the Freshmen. Further rules will be announced later.

WHO HOLDS NEW CHAIR?

Board of Trustees Expected to Award New Professorship at Next Meeting

The new Sherman Chair of Political Science, founded in honor of the late James Schoolcraft Sherman, '78, comes as the gift of the ex-Vice President's many friends, including Hon. Lucius N. Littauer of Gloversville, a very close personal and political friend, and a member of College Trustees. Who shall fill the chair will, in all probability, be decided at the next meeting of the Trustees, which takes place on October 9. The foundation for the chair is about \$55,000.

As yet, the details of the new course are undecided. There will be a rearrangement of work in the departments of History and Economics, and under the new chair some of the work now being done by these departments will be included, as well, of course, as entirely new work in political science.

FALL TRUSTEES MEETING.

The College Board of Trustees meet in regular Fall session on Saturday at 9 o'clock in the Hall of Philosophy. Hon. Elihu Root '64 is expected to preside. Chapel services will be delayed to permit the Trustees to attend. At the meeting it is expected that a joint committee will report on the proposed establishment of a Freshman Dormitory. Faculty and Alumni are represented on the committee. Action regarding the remodeling of the old Library building for administrative offices may be taken. A report is expected from a joint committee on the proposed new \$20,000 athletic field.

THE NEW ROOT HOME.

The new home of Elihu Root, Jr., on College Hill, is now in process of erection, and is to be completed before April. The house is to be a frame structure two stories high. Herbert W. Peckham has been awarded the building contract, while the architects are McKim, Mead & White of New York.

BIG COLLEGE DINNER STARTS YEAR RIGHT

Co-operation Keynote of Commons Hall Feed.

NEARLY 180 MEN PRESENT.

Dr. A. P. Saunders, Paul B. Williams '08, and Capt. Pope Were Speakers.

"Get out and Work. Be a live wire." That was the essence of Prof. A. P. Saunders's advice to the students last Friday, as he addressed the first College Dinner of the year. "I shall not harp on the old theme of duty to the College," he continued. "It is a man's duty to himself to take part in College activities. There ought to be twenty more men on the football squad now." His speech came after many songs had been unrolled, and the band had successfully rendered "Tipperary."

"It is also a college man's privilege to kick and find fault with everything enacted by the Faculty," was the surprise Dr. Saunders next delivered. "Let him kick thru his four years. It is good for him. Getting it out of his system takes his mind off his other troubles." In closing Dr. Saunders alluded briefly to "Lit," the first number of which was just out that evening, declaring that it was as deserving of support from the students as much as any College literary magazine in the country.

Urges Self-Improvement.

He urged the students to improve themselves while in College to the best of their opportunity. Particularly, he advocated reading as an exercise which would prove of lasting benefit. "We should make the authors that are dead as much our friends as living people," he said. "If College is taken full advantage of, you will have no regrets when you graduate. This is a fine College for a live wire. I want to see you all work hard for Hamilton."

In the absence of Coach Reynolds, Capt. "Van" Pope acted as spokesman for the football squad. He refused to make any prophecies or criticism, but did deal out a bit of advice to the College; first, to keep football men up in their classwork, and second to keep them out with the squad. In this manner "Van" emphasized the need of co-operation between the College body and the squad itself. The "knocking" spirit will not become prevalent if he has his say. Pope also put in a word of praise for the scrubs, who are kicked around by the Varsity thru out the season as a result of their "exalted patriotism."

About this time, "Phoebe" Williams '08 of the "Utica Press" and general purveyor of Hamilton enthusiasm, arrived on the scene, and was called upon to speak. "Phoebe" declared that he didn't know what to talk about, then proceeded to draw out of his sleeve a speech that hit

(Continued on page 5.)

MONROE-HAMILTON LETTER TO BE OFFERED FOR SALE

Message Challenging Hamilton to Duel.—Would Make Valuable Addition to College Library. Historically Important.

A letter written by James Monroe, Treaty Ambassador to Paris, later President, to Alexander Hamilton challenging him to a duel, is to be offered for sale on October 8th, by Stan. V. Henkels at 1304 Walnut St., Philadelphia. The letter is dated Albermarle, December 7, 1797, and illustrates how bitterly these two men felt toward each other because of the efforts of Monroe in promoting an investigation of Hamilton's relations with Mrs. Reynolds, and in attacking his integrity as Secretary of the Treasury. A portion of the letter is as follows:

"I requested Colonel Burr to inform you immediately after the receipt of yours of Aug. 9, and that I was not satisfied with the explanation given by it of your preceding one of the 4th. * * * In my judgment you ought either to have been satisfied with the explanations which I gave you upon the subject to which those letters referred, or have invited me to the field. There seemed to be no intermediate ground for a man of honor to take: yet you found one. The explanations I gave you on that subject were liberal. * * * Still it was not my intention to invite or even provoke a personal interview, because I had no motive for so doing, and many, especially at the time, for avoiding it. The idea was suggested by certain passages in yours having that tendency, to which I replied if you insisted I should accept it. But by this I did not mean to become an aggressor, nor was it justly inferable. It was, however, not my intention to decline that issue if sought by you in any mode whatever. * * * I have, therefore, requested—to communicate with you further on the subject of that letter and empowered him in case you meant it as such to give you any answer to it, and otherwise arrange the affair for the interview thus invited on your part."

The letter is of great historical importance. Of it Bassett, author of "A Short History of the United States," studied in College, says: "Monroe returned (from Paris) anxious for vindication, and took two

SOPHS AND FROSH TO RACE.

Annual Fall Meet Will Be Held on October 14, Whereat Much Excitement Will Be Caused.

On October 14th, one week from Thursday, is the day set for the big track contest between the Sophs and the Frosh. As always, most of '19 will turn out to contend with the picked number from '18, who were on last year's track team. These are Coleridge for the quarter and the low hurdles, Ludlow for the pole vault and the dashes, Butts for the quarter, 200-yard dash, and the hurdles; Kingston for the high and broad jumps; Brooks for the mile, Jessup for the quarter and half, Insley for the hammer and shot, and Gilbert for the quarter and the 220. The Frosh showed some good running material in the relay race opening day, especially Parmelee. If the Freshmen put the pep into this contest that they have shown in previous ones, they will give '18 a hard pull for it. For the past few years the Sophs have been victorious. Now is the time for 1919 to turn the tables.

Classes will be excused from 12:30 o'clock on.

—Weed, Lewis and Griffith '17 are candidates for cheer leaders.

—The Upson Prize Speaking Contest held at Utica last year was on the 75th anniversary of Upson's '88 graduation from the Academy.

—Van Auken '18 demonstrated his golfing ability this summer by winning the Colman Cup at LaCrosse, Wis. The cup had been sought after for ten years, and its permanent possession required its winning three times.

ways of getting even (for the charges made by federalist leaders that he had committed a breach of trust). He prepared a long defense and published it in 1797, endeavoring to show that he had been badly treated by Pickering and Hamilton, the chief authors of the federalist policy. It was a piece of specious pleading, but it satisfied the republicans and served to bring French affairs sharply to the front in the political arena. His other stroke was at Hamilton particularly."

The letter is invaluable to a collection of Hamiltoniana and is particularly interesting to this place, as only one Hamilton letter is possessed by the library. Prof. Ibbotson urges some Alumnus to purchase it at the coming sale.

Department of Medicine

Located in America's Medical Center. A School which offers Peculiar Advantages for Completing a Course under the Standards of the American Medical Association.

Completion of standard four-year high school course, or its equivalent, plus one year of work of college grade in Physics, Chemistry, Biology and one modern language required for entrance. All credentials must be approved by Pennsylvania State Examiner under specifications of State laws. A Pre-Medical Course in Physics, Chemistry, Biology and German is given, complying with the Pennsylvania State and American Medical Association requirements. The Course in Medicine comprises four graded sessions of eight months each. Among the special features are Individual Laboratory and Practical Work in well equipped Laboratories, Hospital and Dispensary, Free Quizzes, Ward Classes limited in size, Systematic Clinical Conferences, Modified and Modern Seminar Methods. Abundant clinical material is supplied by the College Hospital, Philadelphia General Hospital (1500 beds) and the Municipal Hospital for Contagious Diseases. Also a Department of Dentistry and a Department of Pharmacy and Chemistry. For announcements and information, Address: SENECA EGBERT, M. D., Dean, 17th and Cherry Streets, Philadelphia, Pa.

—Hubbard ex-'18 has entered Yale.

—At a meeting of the Life Board on Wednesday, Henry J. Griffith '18 of Palmyra and Everett W. Barto '18 of Ossining were elected to the reportorial staff.

—This year's Catalog will be out about the 1st of February as usual. It will be much the same as that of last year, and will have practically the same committee of the Faculty in charge, with Prof. Ibbotson as chairman.

EDITORIAL.

The "Club Rush" Instituted.

It is with bewildering celerity that College Custom, that great body of unwritten law, undergoes change. What was in one college generation immemorial usage, becomes in the next an extinct barbarism. Thus it was with burning the Algebra "smoking out" Freshmen, and the "Gym-Showing" of our latter day saints. But with the evolution, a new custom must be established to preserve the essential morsel of good contained in the rite previously abandoned, else all would not be well with Frosh and Sophs. For as long as Frosh are Frosh, and Sophs are Sophs, there is the work of a very peculiar quality to be done. If the Frosh is fresh, no man denies that he needs training to an amount sufficient to remove the contamination. But further, unless the Frosh realizes that the Soph is his natural enemy, College Spirit will drop way below bar.

So, in time's evolution, we are brought to the new tradition. "Club Rush's" rules will soon be prescribed. It is intended, and never can become any more than a good-natured tussle between the under classes. The tussle will stir their enthusiasm, as it has done in other institutions in similar rows. To haul a small club a matter of twenty yards with a pack of howling fellow-classmen at your back, has something of the idea of the tug-of-war. The "Club Rush" should provide a keener struggle, because it brings the men eye to eye and jaw to jaw. That this opportunity will not be neglected by underclassmen goes without saying. In the early rows of Fall, there was "pep" enough and to spare. It is a matter of class loyalty to win that Rush, go to it!

Keep Shoving, College!

Capt. Pope's words at the College Dinner contained a bit of wisdom of the sort that Ruskin might describe as his "book." The words were true if they were radical. He declared that the "knocking" habit must go. Three years ago, he said, a speech had been made at a football dinner in which every member on the squad had been caustically criticized. The words were intended to boost the team out of itself to gain a victory, but the actual result has been a spirit of "kicking" at captain, coach and team, which has lasted thru every season since.

Capt. Pope's conclusion that it is time to end these pettifogging methods is correct to the inch. Continuous knocking wears out the individual in physical process or in College policy. How much Hamilton has gained from this pernicious habit, the records of other seasons show. If the moment for sudden, bitter condemnation of an athletic team ever was justifiable because it was losing games that time certainly has long past.

Co-operation, spelled large, and burned deep into the mind, is a constructive slogan, and it serves the purpose of colleges as well as business houses. Let's get the jump on the "unity feeling." The team has shown already that the College is behind it, to encourage fight, to speed it up to a winning pace, and ready to forgive anything but laziness or indifference. Pull together hard! The Union game is fast approaching.

* * *

The Enrollment Problem.

Whether or not it is a flattering fact to be placed on a par with Princeton for having a smaller entering class than usual, Hamilton men are seeking carefully to hit upon the exact causes for the decrease. It is agreed that we do not want it to happen again.

The Trustees meeting on Saturday will be preceded by a meeting of the Publicity Committee for the consideration, for one thing, of this question. Students here are looking for light as much as anybody else, and would be glad to present their side of the case to a committee of the Board. If they can help arrive at a solution, they would be glad to make the attempt. Whatever constructive plans are adopted by, the Board will meet their strong support.

* * *

For An Improved Commencement.

Those who saw and those who did not see the Commencement last June have probably learned, if they are Alumni, that there was something vitally lacking. The regular scheduled exercises were well carried thru, from the Prize Debate, to Class Day, and to Commencement itself, but the need that impressed itself upon every body present, was that more events were needed to keep the spirit moving. There was not enough to do "in between." Alumni have found that there is little inducement to come to the Hill as early as Thursday to see the Prize Debate, then loll away the time from Class Day at 10 o'clock Friday morning until the McKinney Debate at 8 o'clock in the evening; and during the most of Saturday waiting for something to happen. The Alumni Association Meeting takes place Saturday morning, and closes about noon. Class reunions are

supposed to be held Saturday afternoon, but these do not occupy the entire time. On Sunday the solitary event is Baccalaureate, and Monday moves the fastest, and is the most pleasurable to many of the whole week.

Perhaps these are some of the reasons why so few Alumni came back to the Hill last June; why many of them made an early get-away, and why the spirit became general among men who did a little thinking, that some red blood be inserted into the Commencement program. The demand is for more eventful days, with something especial for the Alumni to take part in. There are a number of plans which have been suggested, and action should be taken in the near future. At other colleges the Alumni hold a Circus Parade, the classes costuming according to their own high lights, and a short comic sketch or performance of similar nature held. Younger Alumni would be especially interested in this part of the arrangement, and it is believed would take an active interest in making it successful.

It is altogether likely that the Faculty will permit the scheduling of a Commencement baseball game, to be held Friday or Saturday, and a concert by the Musical Clubs could undoubtedly be arranged. Life would like to hear from Alumni, and urges them to send suggestions which may be printed for filling the Commencement days full to enjoyment. They are the best days of the year, and their value to the College immeasurable. Every man who has an idea, send it to us!

Camden Alumni Hard at Work

The Camden Alumni Association recently formed by a group of loyal Alumni, is endeavoring by novel plan to solve the small-enrollment problem in their town. They recommend it to other associations, and are confident that they are building a Hamilton stronghold in Camden.

These are the members: Rev. Louis C. Colson '87, Dorrance '72, Davies '76, Day '07, Babcock '09, Lovenguth '10, Day '11, Dorrance '12, Watkins '12, Batchelor '13, and Dr. Day of Syracuse, who has three Hamilton sons. Dorrance was made president and Babcock secretary.

The Association proposes to do practical work in preparing men for entrance to this College by means of a special committee composed of the following: Dorrance '72, Dorrance '12, and Colson '87. These men will assist the boys in the choice of such studies as will bring them to Hamilton without a condition, and fit them thoroly for college work. The high school boys were first interested in the proposition thru efforts of Rev. Colson, at whose home a dinner was given to inaugurate the plan. The committee is retaining their enthusiasm, and has high hopes of injecting into them the proper amount of Hamilton preparedness.

A Hamilton speaking prize of \$10 is to be established thru the work of the Association. A committee consisting of Dorrance, Davies, Colson and Babcock is to determine the rules for the contest.

Spice of Life

The Bursar's ruling to provide heating at all hours of day and night is warmly commendable. Ye Ed. prefers heat to any article he knows, and informs the Warden that the music of sizzling steam pipes is sweeter than honeycomb. Don't let us freeze, Coughlin!

Ed. Spice:

I have not been running in your column for so long that I feel the lack of exercise. Please put me in the next issue.

Yours lovingly,
Supe.

We'll do our gol dingest, Ralph.

—)o(—

The "Utica Observer" passes the remark that Hamilton and Princeton are the only institutions to show a decreased enrollment. Perhaps the "ton" on the end of the names is weighing us and the Tigers down. This idea ought to relieve Prex.

—)o(—

Speak harshly to the pesky Frosh, And kick him when he sneezes, For when he gets back here next year He'll do as he damn pleases.

—)o(—

Supe sez he's coming to believe that the real way to prove the Fac. is barbarian, is to put football on the curriculum among the required studies.

—)o(—

Joe Behan (addressing Station Agent): "Can I see you about it tomorrow?"

Agent: "No, do you think this place is open every day?"

—)o(—

Gow got a job this summer. Other Gow substituted and immediately demanded a raise and a vacation from the boss. He got the vacation. Great dissension is in the Gow family.

MUSICAL CLUBS UNDER WAY.

"Hal Banks Will Lead Organization For Successful Season.—Rehearsals Start Soon.

Leader "Hal" Banks and Manager Donoghue of the Musical Clubs, have already laid plans and adopted policies for the coming season. Next week will hold the tryouts, and light rehearsals will follow twice a week until the close of the football season. After the Union game the work will begin in earnest, with more and longer rehearsals.

The season's outlook is bright. Leader Banks has a good number of experienced men from whom to form a nucleus. The Freshman Class bids fair to contain plenty of good men to fill the gaps caused by graduation. Manager Donoghue has already ordered a large share of the music. He is also making arrangements for a western trip thru Ohio to be made during the Easter vacation. Several preliminary concerts will be held, so that the clubs may be in tip-top shape for Prom time.

—The Freshman Class has agreed not to use translations in preparing their work in the Latin Department this year.

BIG COLLEGE DINNER STARTS YEAR RIGHT.

(Continued from page 1.)

fire and ended the evening properly. Beginning with remarks on the value of college education and things in general, he concluded by touching on the appeal of Hamilton to sub-Freshmen.

"I have a pile of college catalogs on my desk a foot high," he said, "including those of all the Eastern colleges. I have been reading them over, studying them carefully, and trying to find the special attraction and appeal of each. I find that none of them has anything on Hamilton. Hamilton College has been doing its work for more than a hundred years and doing it well. It has produced leaders in every world-activity and department of science there is. This should be an inspiration to every man in College.

"There have been many Alumni who have walked up and down this Hill during the last century. Many of them are gone now, but their influence is still felt. It should be the ambition of every undergraduate to make his influence in the College improve its life. He should be able when he goes out to take pride in it, not merely for what it is, but because there is a little of his own work which makes it what it is.

"I have also found," he continued "how many men now in Hamilton have the true missionary spirit. In the small towns in the neighborhood in different parts of this county I have been talking in the high schools. In almost every place the boys know someone at Hamilton, who has been encouraging them to come here. That is the sort of work that counts. There are many men in the College who send their friends on here. If every man in Hamilton was a booster for it, there would be no difficulty getting Freshmen. Every man would persuade the friends in his hometown to come here."

Regarding the prospects for the football season "Phoebe" said: "I liked what Van Pope said about co-operation. We do not want a spirit of criticism abroad on this Hill. We do want the College and the team working together. I think you men will back me up when I say this. You must be 'solid,' or Union and the other colleges will find us easy." He predicted victory in the St. Stephens game.

TO HAVE HEAT ALL NIGHT.

Comforting news in regard to heating of the dormitories is forthcoming from the Bursar's office. As soon as the condition of the weather demands Mr. Coughlin will use day and night shifts of men to manage the furnaces. Instead of the heat being turned off early in the evening as has been the case in former years, enough will be let into the pipes to keep the buildings comfortably warm all night.

The present lack of heat in South is due to the breakage of one of the parts of the heating system.

—John Balcolm Shaw has been called to the Presidency of Elmira College. He is a graduate of Lafayette and received his D.D. at Hamilton in '92.

1915 Begins Life Labors

Most of the men of the Class of 1915 have made their decision as to life work, and have since June launched forth in their chosen fields. Some are specializing in other universities, but more have begun commercial life.

With Bookstore craft, "Pat" Hulbert is in Rome, N. Y., writing insurance for the Metropolitan Life. "Gumshoe" White, a former correspondent for the Utica "Press," has a comfortable berth on the Watertown "Times." Five '15 men are taking up the study of Law. McNair and "Fritz" Lee are at Columbia Law School, Woodcock and "Jack" Erhardt are studying at New York Law School, while "Fee" LaForce has entered the Law Department at Harvard. Three have elected to be Wearers of the cloth. "Dud" Kimball is in Union Theological Seminary, Goodenough has chosen Knox, and "Bob" Schwenk has gone to Auburn Theological Seminary. "Mike" Adams is taking up Engineering in the Massachusetts Institute of Technology in Boston. "Walt" Ogilvie expects to go to Cuba to engage in the sugar industry. "Jack" Keddy is studying Political Science at Columbia. "Bill" Little is "far, far away from home," working in a mine in Chili. Sherwood, the Root Fellow, is studying at Johns Hopkins. Brockway is leading the simple life on his father's farm in Herkimer. Prescott is in Canajoharie, working for the Beechnut Packing Company. "Jack" Jessup and "Wally" Johnson are travelling on the Pacific Coast.

SHORT MAY NOT COACH.

Manager Henty is Considering Utica Drillmaster for Charlatans. Play Being Selected.

The Charlatans have not yet made any definite plans for the season, although several things are in the air. Mgr. Henty has announced that in all probability Frank Lea Short will not be re-engaged as coach, but that a Utica man will take his place. As for the play to be presented, President Robson has practically made his choice, but refuses to give out its name. It is rumored that the former Cohan success, "Seven Keys to Baldpate," will be given. President Robson has already issued a call for candidates, and rehearsals will probably begin after the football season.

—Bedenkapp '12, formerly of Columbia, is now attending New York Law School.

Dr. Dale Makes Important Study

During the past summer Dr. N. C. Dale has been studying the faults and folds of mountainous region of the Green Mountain Range east of Burlington and Middlebury, under the direction of the Vermont State Geological Survey. This region is composed of metamorphic formations, and is of much interest to geologists. Dr. Dale is embodying the results of his investigations in a paper which he is now preparing entitled "The Tectonics of the Western Slope of the Green Mountain Region." The paper will be published over his name by the Vermont State Geological Survey.

Dr. Dale will give his Geology classes the benefit of his summer's work thru lectures.

STANDINGS ANNOUNCED.

Dr. Stryker announced the following scholastic standing for the year 1914-15: Class of 1916—High honor, Swan; honor, Baldwin, Gardner, Hawley, Jones, McLouth, Nichols, Pope, Stone; credit, Aldrich, Crumb, Daniels, Eells; Class of 1917—High honor, Saunders; honor, Campbell, Griffith, Holden, Leonard, Lyon, Moore, T. L. Orr, P. H. Orr, Truax; credit, Bristol, Dise, Emeny, Hood, J. A. Jones, Seaver, Squires; Class of 1918—High honor, Hasbrouck, Jessup; honor, Link, Roberts, Sherman, Yeandle; credit, Bull, Dodge, Moore, Root, Timerman.

—A poem entitled 'A Motor Maid' by Clinton Scollard '81, appeared in the September issue of "Judge."

—Manion and Eddy '18 have been tapped for D.T. to take places of MacKie and Grant who dropped from the class.

NEW "LIT" COMPETITION.

A new system of competition for the "Lit" staff has been inaugurated this year. Each year two Sophomores and one Freshman will be elected to the board, one Sophomore in March, and a Freshman and a Sophomore in May. In order to be eligible each candidate must have handed in at least two articles. The men are to be judged not only on literary ability, but also for work done gathering Alumni news, writing College news and other matters of interest to the College or Alumni. This year there will also be appointed two Juniors, provided there are those whose work warrants it.

BLUE BOOK IS LARGER.

The Y. M. C. A. Blue Book which has been delayed this year, will be out soon. How soon Covert '16 who has charge of it is unable to say yet. All the copy is in the hands of George W. Browning, who is finishing up the thing as fast as he can. The book will be of vest pocket size, longer and narrower than that of last year. There will be ninety pages, more cuts than before, printed in brown, blue and black. The cover as usual will be blue.

—Since June about 600 volumes have been added to the College Library. The books are on miscellaneous subjects and include some highly important works. It is expected that the large collections of Hamiltonians now stored in the old library will be transferred to a special room on the top floor of the new building.

—The Art Club, which met last year with Dr. Morrill, will be continued again this year. The meetings will be held every two weeks, beginning with Monday, October 4.

FRESHMAN STATISTICS SHOW POINTED FACTS

Many Preparatory Schools Furnished the Entering Class—Hamilton Alumni Were Active—Few Hold Scholarships.

The recent census of the Freshman Class taken by Prof. Lewis has yielded some very interesting information concerning the members of the class and the reasons why they preferred Hamilton to any other known institution. Of the 38 men in the class only 8 are graduates of preparatory schools. The remainder secured their preparation at the high schools in their home town or immediate vicinity.

The list of the members of the class and the schools from which they were graduated is as follows: Ackler, Iliion High School; Bentley, Rutherford High School; Bratton, DeWitt Clinton High, Brooklyn; Chester, New Rochelle High; Clegg, Pelham High; Dayton, Auburn High; Ferguson, Ogdensburg Free Academy; Fuller, Albion High; Giddings, Cazenovia Seminary; Grant, Ridgewood Preparatory School; Hamlin, Wyoming Seminary; Harbordt, Lansingburg High; Hutchinson, Holyoke, Mass. High; Keeler, Binghamton Central High; Kingsbury, Morrisville High; McLean, Wyoming Seminary; MacKie, Wilkesburg; High; Miller, Utica Free Academy; Morrow, Walton High; Pardee, Bordentown Military Institute; Ogden, Stone School; Pape, Utica Free Academy; Parks, Newport High School; Parmalee, New Trier Township High; Perkins, Ogdensburg Free Academy; Pierce, Flushing High; Reed, Rutherford, N. J. High; Riley, Keewatin Academy; Shirley, Poughkeepsie High; Skinner, Academic Department of the New Mexico Normal University; Spinning, Rome Free Academy; Stone, Stone School; Stratton, Oxford Academy and Union School; Valentine, Patchogue; Welsh, Binghamton Central High; Wheeler, Union-Endicott High; White, Champlain High; Winton, Lawrenceville.

A majority of the men hesitated for some reason or other before coming to Hamilton. That most of them hesitated because of financial considerations is shown by the fact that 11 hold scholarships given by the College. Five others receive scholarships from the State because of excellent Examinations. Six men hesitated because of the small size of the College, while the fact that Hamilton is not represented in certain branches of athletics was a damaging fact in the opinion of only one man. The stiffness of the scholastic requirements made two men hesitate before casting their lot here, according to their statement.

An important part was played by relatives and friends. Sixteen men were influenced by the fact that some of their relatives were Hamilton men. Six were influenced by their pastor being a graduate of Hamilton. The courses in public speaking offered by the College appealed strongly to five, altho the interacademic prize speaking contest was an influencing factor in no case. A majority of the men had never heard of the contest before they came.

Two men came because of interest aroused by the College Catalog, one because of the spirit of democracy

1915 SQUAD.

New York U Next on Local Schedule

Stiff Battle Expected in the Metropolitan Next Saturday—Manley, Cann and Erwig Stars.

On Saturday Hamilton will run up against the formidable New York University's eleven, which last Saturday defeated R. P. I. 23 to 0. Judging by the New Yorkers' playing against the Troy men, they have a well perfected football machine which will call for everything that the Buff and Blue players have to put in. The Violet's defence was at times impenetrable, and showed a valuable backfield trio, Manley, Cann and Erwig. Manley is strong as a line plunger, while Erwig has great ability in running with the ball. Cann is a strong kicker, and made two of the goals from touchdowns, and a field goal from the 25-yard line, Saturday. His kick-offs and punts were noticeably good. Manley scored two of the touchdowns for New York, and Erwig one. Captain Somets and Williams are the strong men on the Violet's defensive.

Hamilton will put the same men on the field next Saturday who started the game against St. Stephens, with J. Jones and Lyon alternating at half back. Bristol will start the game, but Paige will, undoubtedly, have a chance before the last whistle blows. On Hamilton's Schedule: N. Y. U., 23, R. P. I., 0; Rochester 6, St. Lawrence 0; Union 14, Williams 0.

The Maynard Entrance Prize was awarded to Roy Perkins of Ogdensburg; the Brockway Prize to Theodore H. Skinner of Las Vegas, New Mexico; the Fayerweather Scholarships to Roy Perkins, D. LeRoy Shirley of Poughkeepsie, and Theodore H. Skinner; and the Vrooman Scholarship to N. C. Giddings of Baldwinsville.

—Royce '14 is in the law office of Squires and Lee '90, 26 Liberty St., New York.

pervading the Hill, one because of interest awakened by being entertained on the Hill on Sub-Freshman Day, and one because of the practice instituted by Life last year of sending the publication to Seniors in prep Schools thruout the state. The excellent reputation of the College was an influencing factor in nearly every case.

BASKETBALL STARTS NOV. 29.

Mgr. Truax Announces Date for Opening of Winter Sport Season.

Manager Truax of the Intramural Sports announces that Interfraternity basketball will be started November 29, directly after Thanksgiving holiday. This date proved satisfactory last year. The schedule will be made out shortly before this time. It will provide for games running until the latter part of February. The Alpha Deltas, victors last season, will defend possession of the cup. They are expected to be as strong as last year. Other teams, who will be well up in the fight, judging by last year's showing, are the Theta Deltas, Emersonians, D.U.'s.

"PETE" WAS MUCH PLEASED.

Said Second String Men Showed Good Stuff—General Improvement.

Coach Reynolds' opinion of the team's showing Saturday: "I used almost all the men on the squad and some of them showed a good deal of promise. If they all keep training we should have a quite a successful season. The team showed up much better than in the Clarkson game. There is an excellent spirit in the entire squad, and in the student body too. Every last sub on the scrub is working hard. The College should be proud of the fact that not another institution in the country can boast of having one sixth of the entire student body out for football."

HAMILTON PROVES SUPERIORITY ON WATER-SOAKED FIELD

(Continued from page 1.)

The line up:

Hamilton: Griffith re, Emeny rt, Ogden rg, Dayton c, McLean lg, Huntsman lt M. Gow le, Lyon rh. Schwartz lh, Pope (Capt.) fb, Bristol q.

St. Stephens: Hurford re, Gerald rt, Hunt rg, Albinson c, Hoffman lg, Prime lt, Koch le, Smith rh, Bererck lh, Kitts fb, Alexander (Capt.) q.

Referee: Watkeys, Syracuse; Drape of Williams; linesman, Munso, Utica. Time of quarters, 10 minutes; substitutes, Wilcox for Smith; Smith for Wilcox; Pardee for Dise, Briggs for Pardee, Peek for Schwartz, Pohl for Peek, Pendleton for Pohl, Stone for McLean, Insley for Stone, Brooks for Griffith, Lowell for Brooks, W. Gow for M. Gow, Baumer for W. Gow; touchdowns, Pope, Schwartz.

UPPERCLASSMEN WANT GYM CLASS INSTRUCTION

Ask Director Myers to Start Special Class.—No Plans Yet for Indoor Meet.—Miller Suggests Fall Baseball.

Director of Gymnasium Myers has laid no definite plans as yet regarding the annual indoor meet. He says that he will wait until the football season has closed and the Sophomore Gymnasium classes have been started before making any arrangements.

Prof. Myers says that he has been made an offer by a Spalding representative relative to offering a cup for the Interfraternity Basketball series. The offer is that if the fraternities will form an interfraternity league, electing regular officers, and if they will agree to use Spalding balls in all their games, the sport goods company will give a silver loving cup to the winning team. Nothing has been said as to whether the cup will be played for each year, or whether a new one will be given each season. The playing of the games would be carried on by the same rules as in former years. If the crowds are interested in this proposition, Prof. Myers wishes that they would send representatives to talk the matter over with him at any convenient time.

Freshmen vs. Varsity.

Captain Miller has suggested that a series of fall baseball games be played between the members of last year's varsity and the Freshmen. These games will not be played for the sake of winning, but merely to get a line on the material in the Freshman Class. If the games are played, Captain Miller hopes to have the new coach engaged by that time, so that he may be on hand to look over the material for next year's team.

Elective Gym Course.

Prof. Myers states that he has received several requests from upperclassmen, that an elective course in Gym be started. He says that if enough men ask for the class to make it worth while, he will start one after the close of the football season. The work will be advanced and principally on the apparatus. The College rules now provide that no physical training is required of Juniors and Seniors, but that Sophomores must take it. The Sophomore Class will begin gym work November 15 for two periods a week. An Upperclassmen Gym Class would be an innovation.
